

BOAT TOURS WITH A LOCAL GUIDE

VISIT THE HIDDEN SIDE OF THE GULF COAST

It's hard to believe that so many visitors to this area miss seeing Florida from the water.

A boat trip is an amazing adventure into a world of seabirds, fishes and mammals. The stunning intercoastal waterway plays home to thousands of sea birds, dolphins, manatee and even sea otters.

Visit islands which can only be reached by water and stop for lunch at one of the venues which can only be reached by water.

We are delighted to be able to offer private excursions for both ½ and full days with local guides and experienced Captains. These people have grown up on these beautiful waters and will share their knowledge and love of the water with their passengers young and old.

This is an opportunity not to be missed whilst staying on the Gulf Coast. Each boat is fully insured, carries a maximum of 6 passengers and for larger parties we can provide an additional skippered boat. It is highly recommended that you book prior to your visit to avoid disappointment. This can be done directly by phoning:
